## LIGHTNING & PROBLEM SOLVING

In the Lightning competition, players have only five minutes each to make all their moves in the game. The quick-paced nature of the game means that it is very popular with young players!

The problem solving competition is in the form of an exam paper which participants have two hours to complete. The questions will be posed as chess problems. Participants will be provided with a board and pieces to assist them in solving the problems.

## WELCOME

On behalf of the Australian Chess Federation, the NSW Junior Chess League is conducting the Australian Junior Chess Championships at Trinity Grammar School, from Monday 14 January 2019 to Tuesday 22 January 2019.

There are events of varying lengths for children of all ages - from the 3-day Under 8 tournaments to the 9-day Under 18 events. There are also lightning and problem solving competitions, which only require a commitment of a half-day.

Players can compete for the prestige of a national title, or just play for fun and the experience.
